PREFACE

APR 1 1946

U S Department of Agriculture

1946

TO MY MANY FLOWER-MINDED FRIENDS AND CUSTOMERS.—Last year, you will recall (I hope), that lack of time due to war work, the scarcity of newsprint, and the fact that I did not have a very large surplus of mum plants, caused me to cut my usual descriptive catalogue down to just a small leaflet—a variety list in fact. This was done with some misgivings, and in the belief (and hope) that most of my customer-friends were sufficiently familiar with standard mum varieties not to need a descriptive catalogue. Well, the results amply supported this belief, as I soon disposed of all my plants, and since the leaflet served such a good purpose last year I am again getting out a short variety list and not a descriptive catalogue, despite the fact that I enlarged my garden last year and now have more plants than ever before. Occasionally—in the case of new or scarce varieties, a few words of description will be added.

Blooming dates are very much desired by most people who grow mums outside (as most of my customer-friends do), and I have included them. However, they are approximations only and I have leaned over backwards in trying not to convey the wrong impression as to blooming dates. If there is any error it will be that the variety blooms **earlier** (not later) than the date I have given. In figuring blooming dates for your locality, remember the blooming date advances as one goes north and recedes as one goes south. For instance a variety in full bloom here will not reach a similar stage in New Orleans until a week later. This should enable you to adjust the dates to your locality.

Delivery will be made next spring—from the last of March on, and will consist of small “plants”—not “rooted cuttings” that require potting up and growing on some time before they can be set in their permanent location. My plants can be set in their permanent location outside promptly on arrival. They will be shipped bare root, wrapped in damp moss and then carefully packed in excelsior.

I gather, label, pack and ship each order myself (some job that is too) and in return would appreciate a post-card stating the condition of the plants on arrival, as well as any suggestion you may have towards improving my packing method. (I have received some good suggestions from customers).

This careful packing takes time, material and stamps

LARGE-FLOWERING (standards, commercials and exhibitions).

White

Variety.	Blooming date (approx.)	Price each.
SMITH'S EARLY WHITE, semi-curved.....	Oct. 10	15c
QUAKER MAID, formal, incurved.....	Oct. 15	15c

MOUNTAIN KING, light tannish bronze daisy, good size.....	Oct. 18	20c

(Be sure to include packing and parcel post charges)

for transportation, as all small orders will go forward by prepaid parcel post (Large orders at special prices will go by express, COLLECT). To cover this expense I am forced this year to ask each customer to add \$.50 to the total of the order when the same is \$5.00 or less to cover transportation and packing costs. In cases where the order runs more than \$5.00 please add \$.75 for packing and transportation. I practically always include a few plants gratis with each order, so you will be well repaid for this small additional charge.

If interested in quantity, most standard and not-too-scarce varieties can be furnished in lots of 25 and multiples thereof of one variety at around 10 cents each, but please write me first the varieties you want and how many of each, before you order as some varieties are slow propagators and I could not supply them in quantity at any price.

With the above explanation and under the conditions stated, I am offering limited quantities of the mum varieties listed within.

F. A. SPIVEY

"The Chrysanthemum Man"

P. O. Box 574, Montgomery, Alabama

P.S.—As a personal favor to me, after you have signed your name, PLEASE print your name immediately underneath the written signature. I have lost far too much religion trying to figure out people's names, and I am sure you will agree that none of us have any religion to lose.
